

ONE OF THE MOST ANTICIPATED SCIENCE FICTION MODELS EVER PRODUCED!

2019 Detective Special Model CST

P.K.D. B.L.D.R. STYLE BLASTER PROP REPLICA

For the first time, in over 25 Years, a COMPLETELY ACCURATE, FILM REPLICA B.L.D.R STYLE BLASTER NOW AVAILABLE!

FILM - ACCURATE PRODUCT FEATURES INCLUDE:

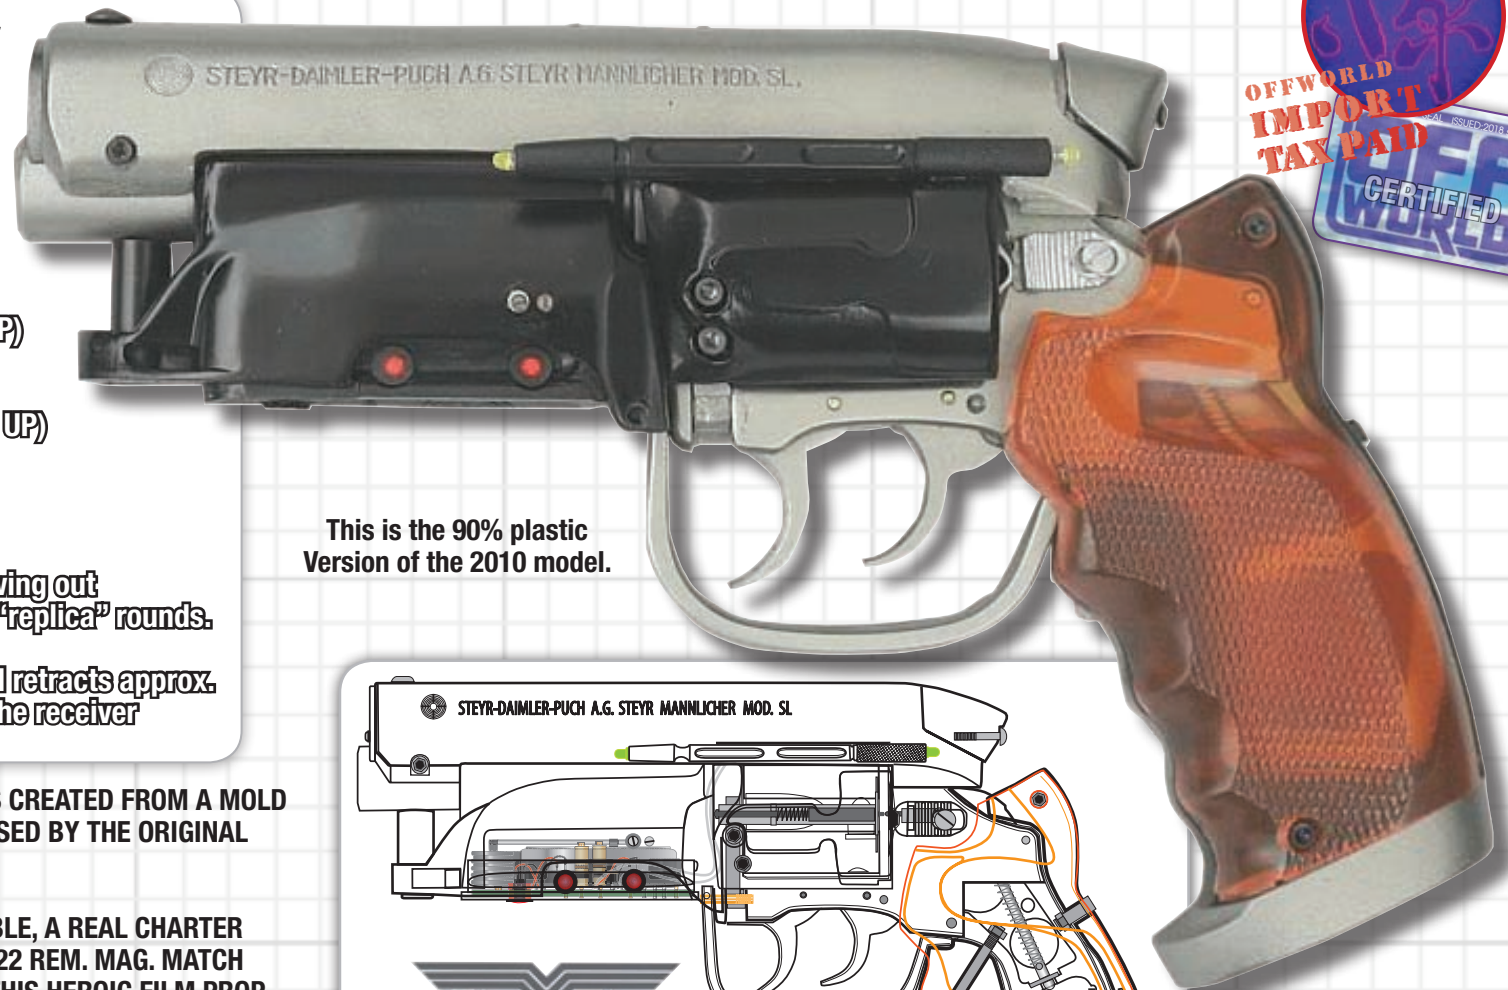

- Functional spring back trigger with working hammer system
- 5 red LEDs in the ammo clip, two LEDs are located on each side of the magazine, and one on the lower section (All 5 LIGHT UP)
- Two green LEDs one in each end of the rod on the left side of the receiver (BOTH LIGHT UP)
- Side mounted sliding ON-OFF switch on the right side of the magazine
- Functional thumb release that opens the swing out rotating cylinder and allows the loading of "replica" rounds.
- Functional bolt opens the cocking lever and retracts approx. half inch, along with a rotating bolt inside the receiver

MODEL IS MADE OF FINE POLYURETHANE CASTINGS CREATED FROM A MOLD MADE BY RE-CREATING THE SAME PROCEDURES USED BY THE ORIGINAL PROP MAKERS WORKING ON THE FILM.

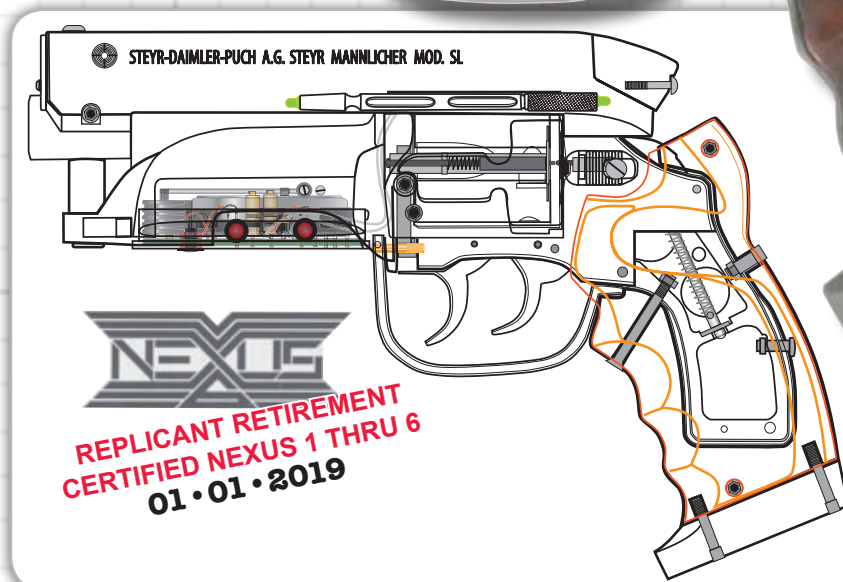

TO INSURE FILM ACCURACY AS CLOSELY AS POSSIBLE, A REAL CHARTER ARMS BULLDOG 44, A STEYR MANNLICHER SL IN 222 REM. MAG. MATCH RIFLE WERE USED TO RECREATE THE MOLDS FOR THIS HEROIC FILM PROP.

THE PHOTOGRAPHIC REFERENCE FROM THE ORIGINAL PROP DISPLAYED AT LA 2006 WORLDCON CONVENTION WERE PROVIDED BY MR. KARL TATE.

THIS ALLOWED FOR A UNPRECEDENTED ATTENTION TO DETAIL BY RICHARD A. COYLE AND PHIL STEINSCHNEIDER TO CREATE AN AS CLOSE TO "THE FILM PROP" AS IS POSSIBLE,... AN AUTHENTIC "FINAL CUT" VERSION.

This is the 90% plastic Version of the 2010 model.

1/1 SCALE MODEL KIT PROP REPLICA P.K.D. B.L.D.R. STYLE BLASTER - SOME ASSEMBLY REQUIRED

WWW.RACPROPS.COM

OPEN SLIDING BOLT
With a rotating action inside bolt

METAL PARTS IN THE MODEL;

- The bolt, cocking lever, the rear cap, and front trigger are made of pewter.
- The rear trigger, hammer, hammer-lever, and hammer-spring pin are made of zinc for extra strength.
- All the gun screws are real

THIS IS THE PLASTIC VERSION OF THE 2010 COYLE DESIGN

(Model is 90% Plastic it is legal for import into Japan)

This Prop Replica comes with the original round slot head screw, as after much research of every frame of film that show the right hand side of the prop, it was found and proved that the Weaver knob was added to the prop post-film.

SWING OUT ROTATING CYLINDER
(NONFUNCTIONAL WHEN TRIGGER IS ENGAGED)
